

Molnupiravir

(Fakaleo 'mol-noo-PIRRA-veer')

Kua foaki e Molnupiravir ke he falu a tagata ke lagomatai ke totoko atu ke he moko gagao COVID-19. To liga maeke ke lagomatai a koe ke mauu vave mo e nakai taatu a koe ke he fale gagao.

Ko e Molnupiravir ke tukutukuhifo e tau numela moko gagao he tino haau kaeke ke inu to hoko ke 5 e aho he kamata a koe ke moua e gagao COVID-19. To talaatu he Ekekafo haau pokua lata a koe ke moua po ke nakai.

Fatifatiaga molnupiravir: Inu 4 e tegavai lagaua he aho ke katoa ke 5 e aho

Tau magaaho pogipogi oti

Inu 4 e tegavai

inu e tau fafati vai haau 4 e kepesula 12 e tula he vaha, fakatai 4 e kepesula he hola 8 he pogipogi, 4 he hola 8 he afiafi)

Tau magaaho afiafi oti

Inu 4 e tegavai

Folo ai pihia e tegavai haau aki e kalase vala vai. Aua neke hafagi, gaugau po ke molomolo e tau segavai.

Maeke a koe ke inu e tegavai haau mo e kai po ke nakai kai.

Fakakatoatoa e tau fakatokatokaaga ke lata mae tuluiaga, ko e **5 e aho**. Ua fakaoti e inu he molnupiravir haau kaeke kua nakai la fakatutala mo lautolu ne leveki atu ke he haau a tau malolo tino, pete ni e logona e koe kua malolo mai.

Kaeke kua fai fafati kua nakai inu e koe

Kaeke kua nakai inu e koe e taha fafati vai **ki lotu he 8 e tula** he magaaho ne kua fafati ke inu, fakamafiti ke inu he magaaho ka manatu e koe.

Kaeke ke **molea e 8 tula** he nimo e koe, tiaki e tau tegavai ke lata moe fafati ia kae inu e tau tegavai mae fafatiaga foou.

Aua ne lalafi ke inu foki e taha fafatiaga Paxlovid ke lata mae fafatiaga ne kua nimo.

Talaage kia lautolu ne leveki atu ke he haau a tau malolo tino e tau vai tului oti haau ne inu

Huhu ke he ekekafo haau po ke tagata talavai pokua haohao mitaki nakai ke inu falu vai tului foou po ke tau segavai lakau lagomatai (herbal supplements). Falu vai tului ne maeke ke lauia e malolo he molnupiravir.

Ko e tau logonaaga kua fa mahani ki ai, nakai mahani ki ai mo e hagahagakelea lahi ne kua tohia ai ke he laupepa he taha faahi.

Fakafua tama mo e molnupiravir

Ko e tau tegavai taofi ke ua fatu kua mahuiga lahi ma e tau fifine ti PIHIA FOKI mo e tau tagata taane.

Tau logonaaga kaeke kua fakafua tama:

Maeke e tama ne nakai la fanau mai ia ke logona e matematekelea kaeke kua inu e koe e molnupiravir.

Kua lata a koe ke ua fatu (tuga e pehe, fakaaoga e tau tegavai ne taofi ke ua fatu, po ke ua taute e tau gahua feuaki) ke he magaaho ka inu he molnupiravir MO E ke 4 e aho he mole atu e tau vai tului.

Ka iloa e koe kua fai tama ka e inu e molnupiravir po ke mole e inu he molnupiravir, kumi atu a lautolu ne leveki atu ke he haau a tau malolo tino ke moua falu hatakiaga.

Tau logonaaga ke he tau huhua talaga tagata (sperm):

Nakai la iloa ia po ke lauia nakai e tau huhua talaga tagata he molnupiravir.

Kaeke ko koe kua mahani feuaki mo e hoa haau mo e ligaliga ke fatu, kua lata ke fakaaoga taha puhala ke ua fatu (birth control) ke he magaaho ka tului ai MO E lata ke mole 3 e mahina he oti e inu fakahiku he molnupiravir.

Fakahuhu tama nakai a koe?

Nakai lata ke fakahuhu tama kaeke kua moua e tului MO E 4 e aho he mole atu e fafati fakahiku he molnupiravir.

Talaage kia lautolu ne leveki atu ke he haau a tau malolo tino ko e fakahuhu tama a koe FAKAMUA to inu e vai tului.

Fai logonaaga kehekehe e tau vai tului oti

Maeke he molnupiravir ke moua e tau logonaaga, pete e nakai moua he tau tagata oti.

Tau logonaaga kehekehe kua fa mahani ki ai

Ko e kau nei ne nakai logona lahi ti mole vave kaeke kua taofi e inu he vai tului. Talaage ke he ekekafo kaeke ko e tau logonaaga kehekehe nei kua lavelave ai a koe mo e nakai galo kehe.

- tafe e manava fakavao haau (hihi)
- logona kua gagao (lolofi e mataate)
- malialiapou.

Ko e tau logonaaga kua nakai mahani ki ai, mo e hagahagakelea lahi

Kumi atu fakamafiti e faahi leveki malolo tino haau po ke **Healthline 0800 611 116** kaeke kua kitia e koe e tau fakamailoga tuga e:

- patapata e kili he tino
- fulafula mo e fua e tau fifimata mo e tau mata, fofoga, tau laugutu poke alelo
- makoto e fatafata
- hagahagakelea e fafagu.
